Annual Report on the Administration of the Bharatpur State for Sambat 1987

M. Anwar. (Nov. 1930-Oct. 1931).

Chapter I—General and Political.

1. Situation, Boundary, Area, Population, Revenue and Tribute.—The State of Bharatpur lies in the North East of Rajputana between latitude 26°43' and 27°50' and longitude 76°54' and 77°48', the extreme length and breadth being 76 and 48 miles respectively.

The State is divided North and South almost in two equal parts by the narrow gauge line of the Railway which passes East and West in a straight line. The Nagda Muttra Railway, a broad gauge section of the B. B. & C. I. Railway, including the Bayana Agra Railway crosses the narrow gauge at Bharatpur and runs for about 68½ miles in State territory. The State is bounded on the North by the Gurgaon District of the Punjab, on the West by Alwar State, on the South-West by Jaipur, Karanli and Dholpur States and on the East by the Agra and Muttra Districts of the United Provinces. The General aspect of the State is that of an alluvial plain, fairly well wooded and cultivated, with detached hills in the North and hilly and broken districts in the South and low ranges in parts of the Western and North Eastern frontiers. The State covers an area of about 1993 square miles and has a population of 4,86,954 according to the Census of 1931.

The normal Revenue of the State during the year was 24,63,720 as against 25,93,949 last year. The State pays no tribute to the British Government or to any other State.

2. His Highness the Maharaja Sahib's Name, Title and Health.—The present Ruler of the State is His Highness Brijendra Sawai Shri Brijendra Singhji Sahib Bahadur, Bahadur Jung, a Sinsinwar Jat by caste. He was born on 1st December, 1918. He and his three brothers remained in Europe throughout the year under report for reasons of health and education. Reports received show that His Highness' health as well as that of his brothers is improving and that satisfactory progress is being made.

3. His Highness the Maharaja's Relations.—The Ruler of Bharatpur is related to His Highness the Maharaja of Patiala, His Highness the Maharaj Rana of Dholpur and His Highness the Raja of Faridkot.

4. Principal Events.—The only events of note were the private visits of His Excellency the Viceroy and Governor General in December 1930 and those of the Hon'ble the Agent to the Governor General in Rajputana in December 1930 and March 1931.

5. Political Agency, Eastern Rajputana States.—Lt.-Col. E. J. D. Colvin, I. A., held charge of the Political Agency throughout the year.

6. State Administration.—The Council of State, inaugurated on 1st November 1930, consisted of the following:—

PRESIDENT:—Major H. W. C. Robson, O. B. E. I. A.

MEMBERS.

- | | |
|---|----------------------|
| 1. Rao Raja Raghunath Singh Sahib | ... Senior Member. |
| 2. Captain Kanwar Hira Singh (Till 3rd March 1931) | ... Home Member. |
| 3. Col. Faujdar Sampat Singh from 4th March 1931 to the end of the year | ... Home Member. |
| 4. R.B. Pt. Brij Jiwan Lal, B.A., I.S.O. | ... Judicial Member. |
| 5. R. L. Batra Esquire, B. A., LL.B., P. C. S. | ... Revenue Member. |

SECRETARIES were as below:—

- | | |
|-----------------------------|--|
| 1. J. Shelly Esquire, M. C. | ... Chief Engineer & Secy. in P. W. D. |
| 2. N. D. Chokra Esquire. | ... Accountant General & Financial Secy. |
| 3. R. C. Bhatnagar Esquire. | ... Secretary Council of State & Secy. to the President. |

Council Meetings have been held regularly on Mondays when possible. Altogether 312 cases were placed before the Council in 45 meetings (40 ordinary and 5 extra-ordinary) and 259 resolutions were passed. Of the 312 cases, 303 were disposed of and 9 remained pending.

Chapter II. Revenue Department.

7. Mr. R. L. Batra has been the Revenue Member throughout the year, and his charge has consisted of the following departments besides Land Revenue proper:—

1. Settlement.
2. Customs & Excise.
3. Agri-horticulture.
4. Veterinary.
5. Cattle fairs.
6. Courts of Wards (Tehsils).
7. Co-operative Credit Societies & Banks.

8. **Land Revenue.** The division of the State in circles and Tehsils has continued unaltered and there have been two Circles and 6 Tehsils with 4 Sub-Tehsils.

The charge of Dig Circle has been held by Pt. Moti Ram and that of Bharatpur Circle by L. Bihari Lal up to the 16th January, 1931. He was then succeeded by Kr. Raghubar Singh, B. A.

General. The assessment proposals were, at the request of the Darbar, tested by Mr. C. A. H. Townsend, C. I. E., Financial Commissioner, and were generally approved of by him. In view of the great drop in prices he, however, recommended that the old demand after due re-adjustment should be continued for another five years. His recommendations have received the approval of the Government of India.

The total Khalsa land revenue demand of the State announced at the time of the First Regular Settlement was Rs 21,38,638 involving an increase of 13% over the old demand. The maximum demand was reached after progressive enhancement for 5 years in the year 1905-06. The full demand has always been paid with ease in normal years inspite of the serious decline of Ruparail Sairaba in Northern tehsils and the havoc wrought by the floods of 1924 in Nadbai, Bayana, Weir, Bharatpur and Rupbas. The year under report is from the point of view of produce on the whole somewhat better than the last two consecutive bad years.

9. **Rainfall.** The condition of the crops harvested in the year under report depended on the rainfall from 1st April, 1930 to 31st March, 1931. The following amount of rainfall was received in the various tohsils during the above period. The total rainfall during the preceding year is given in the last column.

Name of month.		Bharatpur.	Bayana.	Rupbas.	Deeg.	Kanan.	Nadbai.	Total.	Average.	Rainfall in the State during the corresponding months of the previous year.

Total		18·38	22·02	27·33	33·80	22·74	30·91	155·18	25·87	13·49

The total of the *Chautasa* months—June to September, has been given separately because rainfall during these months determines the character of the *Kharif* crops, the rainfall during the last of the above months is of importance for the timely sowing of the *Rabi* crops.

Dig received the highest and Bharatpur received the lowest rainfall. The average for the whole State was 25·87" as against 13·49" in the preceding year.

The rainfall in the year under report is greater than that of the previous year. As a result the cultivated and matured area has also increased.

10. **Crops.** The two main crops of the State are *Kharif* and *Rabi*. The former is harvested in October-November and the latter in March-April. The figures shown in Statement No. 2 give the total cultivated, sown and matured area with percentages of the sown on the cultivated and matured on the sown area for the year under report and the preceding four years.

Kharif Crops. There was little rain in April and May 1930. Early cotton could not be sown. The increase in the cultivated area was due to well distributed rainfall. The *Kharif* produce was nearly average and better than in the previous year.

Rabi Crops. Although the rainfall in the months of September and October was not sufficient, the *Rabi* sown area was also larger than the one in the preceding year but "Sarshaff" was attacked by an insect called *Chempa* and failed

miseraably. Other crops were also somewhat damaged by adverse winds.

Crop Movement. The principal *Kharif* crops are cotton, *Bajra* and *Jowar* while those of *Rabi* are wheat, barley, gram, mixtures of the foregoing three, and "*sarshajj*". The figures given in Statement No. 3 show the matured area under these during the year under report as well as that during the preceding 4 years. The matured area for the *Rabi* crop was below average due to failure of *Sarshajj* and excessive cold and high winds, which damaged other crops.

11. **Land Revenue Collection.** The following statement shows the demand and the collection in the State during the year under report.

Details.	Current year's Demand.	Arrears of previous years.	Total.	Written off	Suspended to date.	Realised.
General Revenue State	Revenue 19,52,798 Cesses 2,12,182 Total 21,64,980	18,80,446 ... 18,80,446	38,33,244 2,12,182 40,45,426	13,114 114 13,228	21,69,477 3,678 21,73,155	16,50,653 2,08,390 18,59,043

Total.	Revenue 21,35,719 Cesses 2,21,128 Total 23,56,847	21,58,589 ... 21,58,589	42,94,308 2,21,128 45,15,436	13,324 114 13,438	24,85,343 3,755 24,82,098	17,95,641 2,17,259 20,12,900

Remissions. The amount remitted consisted of the water rate of the area which had not received irrigation for three years in succession and Rs. 210 were remitted in Bharatpur Tehsil due to the area having been flooded.

Suspensions. Having in view the fact that the crops had failed and the produce was ordinary, liberal suspensions suited to the particular needs of each village were granted. The fixed demand was therefore made as elastic as possible.

Collections. The work of collections was like last year carried out through the *Lumberdar* agency assisted by the Revenue Staff. The suitability of the demand can be judged from the fact that of the proposed demand 99 per cent was actually realised. No coercive processes were resorted to. The budgetted income was Rs. 19,46,365 and Rs. 20,12,900 were realised.

12. **Relief Measures.** The embargo placed on the export of food grains was first raised with respect to the *Kharif* food grains and then *Rabi* as well; that on fodder was, however, continued.

13. **Taccavi.** The new rules for disbursement of *Taccari* in cash and in kind worked well and have been much appreciated by the *Zimindars*. *Taccavi* for seed and wells was disbursed by the Deputy Collector in consultation with the *Taccavi* Committees consisting of retired *Zimindars*, Indian Military Officers and other respectable land owners. *Taccari* for bullocks and other purposes was disbursed under the orders of the Revenue Member. The total amount advanced during the year for various purposes has been Rs. 78,007 as detailed below:—

1. Repairs to old wells	Rs. 8,050
2. Construction of new <i>pucca</i> wells	" 13,810
3. Sinking of <i>Kaccha</i> wells	" 25
4. Charas, Baras and Seed	" 40,872
5. Purchase of agricultural implements	" 50
6. Purchase of bullocks	" 13,452
7. Other miscellaneous <i>taccari</i>	" 1,748

78,007

Interest at the rate of $4\frac{1}{2}$ p.c. is charged on all Taccavi advances by the State, except advances under the Maji Sahiba Fund which is free of any charge.

14. **Cattle.** The total number of cattle including sheep, goats, ponies etc. was 5,44,913 during the year under report as against 5,70,459 of the preceding year: decrease of 25,546. This is due to insufficient fodder and sale of excess stock. Pasturing facilities are excellent but the breeds met with are poor. A Cattle Breeding Union was registered during the year. Greater facilities for castration of scrub bullocks have been provided. It is hoped that these small beginnings will benefit the Zimindars in time.

15. **Ploughs & Carts.** The number of ploughs and carts in the year under report, was 45,734 and 6,933 compared with 44,933 & 6,633 last year, an increase of 801 & 300 respectively. This is due to a good rainfall in the months of July and August.

16. **Rates of Wages.** (A) Rates:—The general drop in prices of all food grains is the chief feature of the year under report. The following figures show the rates in seers per rupee of principal food grains in June and October. Rates for corresponding months of the preceding year are also given.

Name of article.	June 1930.		June 1931		October 1930		October 1931	
	Sr.	Ch.	Sr.	Ch.	Sr.	Ch.	Sr.	Ch.
Wheat	10	6	18	11	13	6	17	0
Gram	9	2	18	8	10	6	17	0
Barley	14	6	24	8	19	6	27	0

Maize	14	6	10	4	19	6	25	0
Rice	4	0	4	0	4	4	4	4
Oil seeds	5	4	7	4	7	2	11	7

(B) Wages:—Owing to scarcity conditions labour was easily procurable. The rates of wages during the year under report have ruled as under:—

Adult Male from	0-3-0	to	0-4-0	} per diem.
" female from	0-3-0	to	0-4-0	
Boys & girls from	0-2-0	to	0-4-0	

17. **Absconders.** The number who left the State during the year under report was 42 as against 91 of the last year. The number of those who returned was 25 as against 30 in the previous year.

18. **Irrigation** The total area irrigated from Bunds and canals during the year under report was 3,31,549 bighas as against 1,49,395 bighas in the preceding year. The increase in the irrigated area during the year under report is principally due to an extraordinarily lucky flood in the Ruparail and also due to good rainfall which helped the other bunds. Separate water rates were realised on 81,610 bighas and amounted to Rs. 83,665 as against Rs. 42,099 realised last year. The remaining area was either *Shamal Jama* or the *Sairaba* had extended to areas on which no *Jama* was due.

In addition to the above 4,344 bighas as against 4,239 bighas received irrigation from canals of Muttra and Agra. The water rate realised for this area was Rs. 5897-14-9 and was remitted to the Irrigation Department of the United Provinces. There is a great demand for the expansion of irrigation from British canals. The progress in repairing and upkeep of works of irrigation has continued satisfactorily during the year.

The following figures show the total area irrigated from Ruparail during the last six years.

Sambat.	No. of Bighas irrigated.
1982	48,369
1983	1,42,292
1984	90,967
1985	23,632
1986	6,496
1987	97,679

19. **Natural & other Calamities.** 1. Rabi crop during the year under report was damaged by "Chempa" and other insects and by excessively cold and high winds.

2. Rinderpest and foot & mouth diseases appeared but prompt measures were taken by the Veterinary Department to combat them.

3. Fire accidents:— There were 178 cases of out-break of fire as against 161 in the previous year. The following figures show the loss of life and property suffered by the Zimindars.

All out-breaks were accidental. The worst fires occurred in villages Hadoli and Ghatoli Tehsil Rupbas, in the month of June, 1931. Practically the whole of these villages were ruined and property worth about Rs 24,332/- was destroyed. In serious cases immediate relief was granted by way of special *Taccari* advances or loans from Co-operative Credit Societies.

S. No	Name of Tehsil	No. of Village effected.	No. of accidents.	Estimated loss of property.	Loss of

6.	Nadbai ...	28	30	9,533- 0-0		
	Total ...	152	178	82,416-6-3	9	156

20. **Colonization.** A beginning has been made in bringing the Colonization work on regular lines. The Revenue Member proposed a scheme for grants of the following types.

- (1) Arboriculture grants.
- (2) Mule breeding ..
- (3) Soldiers.
- (4) Agriculture farm grants
- (5) Cattle breeding ..
- (6) General

These were approved by the Council. In order to further facilitate the acquisition of proprietary rights, the rate of waste land was reduced from Rs 8 to Rs 5 per bigha.

21. **Biswat work.** This branch of work is really a part of colonization work, with this difference that in addition to dealing with cases of allotment of State lands, files relating to resumption of land are also included. 843 files have been dealt with by the Revenue Member. This work is very important and is likely to increase with the progress of colonization. In order also to facilitate sale of lands, regular monthly auctions by Deputy Collectors at Head Quarters of the Tehsils have been prescribed.

22. **Economic condition of zimindars.** The economic condition of Zimindars is far from satisfactory. Their daily increasing indebtedness does not allow them to free themselves from the money-lenders. All possible efforts are being made to alleviate their lot.

The following measures adopted during the year under report deserve special mention.

1. Co-operative Credit movement has been re-organised.
2. Suitable remissions and suspensions of the land revenue demand have been given.
3. In order to enable as many proprietors owing arrears, to retain their lands, action against them was deferred till the scheme for the disposal of the arrears was sanctioned by the Government of India.
4. Mortgage Redemption Act was passed enabling Zimindars to redeem mortgages within certain limits by a summary procedure.
5. Sale of ploughing Cattle to money lenders in satisfaction of money debts was prohibited.
6. The Usurious Loans Act was enforced to enable the Courts to save Zimindars from unusually heavy rates of interest.

23. **Original case work.** Statement No. 4 shows statistics as regards institution and disposal of land suits by the Deputy Collectors and the Tehsildars. The opening balance was 51. 315 cases were instituted as against 334 during the preceding year. Out of the total number of 366 requiring disposal, 305 were decided, leaving a balance of 61 only. This is very satisfactory.

24. **Execution Proceedings.** Statement No. 5 shows the result with regard to execution proceedings in the Courts of the above officers. The total number for disposal was 84 as against 91 of the preceding year. Out of these 61 were disposed of as against 74, thus leaving a balance of 23 as against 17.

25. **General.** The work of the Courts referred to above has shown considerable despatch during the year under report. Periodical returns of institutions and disposals and monthly inspections of the work of the abalmads have contributed a good deal to this improvement. In last year's report a reference was made to the fact that owing to the ignorance of litigants and lack of qualified legal practitioners in mufussil Courts, cases have more often than not been found to have been dealt with in a patchy manner. In some cases, even the evidence which could be had from the Revenue records was not availed of. In order to remove these defects, and for preparing certified extracts from records, a special Kanungo for both the Circles has been sanctioned. It is hoped that this will help both litigants and Revenue Officers.

CUSTOMS AND EXCISE DEPARTMENT.

26. **General.** The department, besides the administration of Customs and Excise is responsible for the collection of Octroi duty for the local bodies and certain dues levied on behalf of Shri Girraj Gaushala.

Personnel.—Mr. Maqsood-ul Hassan has continued in charge as Superintendent during the year. As 5 Inspectors could not efficiently supervise the work of the 15 Daroghas in addition to the investigation of Customs cases, Lt. Sifarish Husain was appointed Assistant Superintendent.

27. **Customs Chaukis and Chabutras.** Chaukies numbered 110 and Chabutras 15.

Change in Tariff.—No change in the Customs Tariff rate took place.

Receipts.—The total income from Customs during the year amounted to Rs 2,75,752-9-9 compared with Rs. 3,08,209-0-9 last year. Rs. 14,666-10-0 were realised on account of contract for the export of bones and saltpetre as against Rs. 14,695-14-0 in the preceding year. The following table shows the income under various heads as compared with that in the preceding year.

Sambat.	Import.	Export.	Other Sources.	Total.	Bones and Saltpetre.	Grand Total.
1986 (1929-30)	88,143-15-9	2,17,072-15-9	2,992-1-3	3,08,209-0-9	14,695-14-3	3,22,904-15-0
1987 (1930-31)	92,962-15-3	1,66,784-10-9	1,604-15-9	2,75,752-9-9	14,666-10-0	2,90,419-3-9

The chief items under which noticeable increase or decrease has taken place are as under:—

Name of article.	Increase.	Decrease.
Oil seed	...	42,180
Rice	1,928	...
Cotton	...	4,261
Ghee	5,229	...
Munjaban	...	1,858
Khas	...	2,963
Bullocks & He-buffaloes	...	6,187
She-buffaloes	...	1,714
Saltpetre (refined and unrefined)	...	2,556

The decrease has mainly been due to failure of the *Sarshaj* crop.

28. Offences against Customs Laws. The following cases against the Customs Act were instituted and decided during the year under report:—

Head.	Balance from last year.	Instituted during the year.	Total.	Decided during the year.	Balance remained at the end of the year.
1. Miscellaneous	1	6,000	6,001	5,995	6
2. Smuggling under Sec. 66 of Customs Act No. 15	...	140	140	129	11
3. Sec. 188 I. P. C.	...	436	436	433	3
Total	1	6,576	6,577	6,567	10

The disposal has been satisfactory.

29. Excise. The excise work is supervised by the Customs staff.

The system of Excise administration is the one known as the Madras system. Excise articles are imported under permits from the Political Agent, and are stored in the State Ware Houses at Bharatpur Bayana and Dig, whence they are issued to retail vendors. The total number of licenses for the sale of liquor and other excisable drugs and the income from these is compared below with that in the preceding year:—

	1986, (1929-30)			1987, (1930-31)		
	License fee.	Excise duty.	Total.	License fee.	Excise duty.	Total.
Liquor.	8,509-15-0	15,469-3-3	23,979-2-3	8,175-1	13,734-12-11	21,909-13-11

Liquor. There is only one license for the sale of foreign liquor, the rest are for country liquor. Of 27 shops, sufficient bids were not received for three and the system of sale by Scaled bottles was enforced. There was no bid for the Awar shop which remained closed. Want of contractors and the failure of one contractor was directly due to scarcity.

a. The issue price remained at Rs. 7 per gallon, 25 degrees under proof. The total sale during the year has been 1654.5 gallons as against 1859 gallons last year. The total income consequently shows a decrease of Rs. 2069-4-4 compared with the preceeding year. This is due to decreased consumption on account of decreased purchasing power of the consumers.

b. Licenses for Opium and other excisable drugs were issued to 24 licensees. The issue price of Opium and other excisable drugs is unchanged. The following Statement shows total sales of the above during the year as compared with the preceeding year.

	Quantity sold in St. 1986 (1929-30)	Quantity sold in St. 1987 (1930-31)	Decrease.
Opium	Mds. 13-34- 2	Mds. 12- 2-12	Mds. 1-31- 6
Charas	... 3-31- 2	3-11- 9	0-19- 9
Bhang	... 39-37- 0	35-25-12	4-11- 4
Poppy head	... 2-18- 4	2- 1- 7	0-16-13

The decline in the consumption of these is also due to scarcity. The total income from the sale of these drugs has been Rs. 27,779-5-9 as against Rs. 35,856-3-6, of the preceeding year.

Excise offences. The total number of excise offences detected during the year under report has been as below:—

1. Cases of illegal sale of opium	...	2
2. Case of illegal import of Bhang	...	1
3. Cases of illicit distillation of wine	...	3
Total	...	6

The offenders were convicted in five cases. The sixth is sub judice.

Total income and expenditure. The total income from Customs and Excise during the year has been Rs. 3,62,053-13-9 as against the revised budgetted income of Rs. 3,57,609 and Rs. 3,82,740-4-6 in the preceeding year. The expenditure has been Rs. 45,170-12-3 as against Rs. 43,418-6-6 in the preceeding year.

The increase in expenditure is due to the fact that in addition to the other miscellaneous expenditure the Assistant Superintendent was paid for the whole year.

30. **Octroi.** The octroi duty levied by the various local bodies is collected by the Customs department. Rs. 24,875-5-0 were collected on behalf of Bharatpur, and Rs. 9,422-12-2 on behalf of the Dig Municipality respectively. The staff employed for the collection is paid for by these bodies. Formerly commission was paid to the Customs Department, at the rate of 6% on the amount actually collected, but this system was discontinued. The total amount collected for Boards has been Rs. 8,588-9-6 against Rs. 8,125-12-6 last year.

31. **Shri Girraj Gaushala.** The Customs department collects dues for the Gaushala at the rate of one anna per rupee of the Octroi duty which it collects. The total income under this head during the year under report amounted to Rs. 2,555-9 against Rs. 2,587-12 last year.

32. Agri-Horticulture Department. Mr. S. K. Kaul has continued to act as an Adviser to the Gardens during the year under report.

Income. The estimated income of the department was Rs. 6,900 and that actually realised was Rs. 4,068. This is due to depreciation in prices. Certain products like lac, wheat, barley, cotton, etc. are still in stock and will be sold when circumstances are favourable.

Expenditure. The budgetted expenditure was Rs. 35,522 and actuals Rs. 30,767-0-0

33. Gardens. The Agri-Horticultural department looks after 97 gardens. In addition, 11 are on lease.

Experimental farms. The experimental farms at Pucca Bagh and Nobles' School have been maintained. The experiments conducted have consisted of growing of Bichpuri and Malvi cotton seeds, Lucerene, Berseem, Turkish tobacco, Sugar Canes, 8 A wheat and Ground nuts.

Demonstrations. Demonstrations of improved implements were given at Bharatpur and Deeg Cattle Fairs. The following new implements were introduced from Indore Institute. Bukharas 6; Dara 4; Ploughs 4.

The Institute was also invited to make demonstrations of agricultural implements etc. at the Shri Jaswant Cattle Fair and Exhibition. The show at the exhibition of Agricultural films was a great success.

Improved Seeds. The Zimindars have now taken up the sowing of 8 A. wheat, the advantages of which have been realised.

34. Agricultural Exhibition. On the occasion of the Jaswant Cattle Fair and Exhibition, in October 1931, an agricultural exhibition was organised. It consisted of two sections (1) Demonstration section, (2) Exhibition section. In the demonstration section, all sorts of implements, improved seeds, parasites of wheat, oats and barley plants, modern manure pits and modern sanitary dwellings were exhibited. About 70,000 visited the show. A ploughing competition of modern and local ploughs was also held. The Judging was done by Mr. F.K. Jackson, Director of Plant Institute, Indore. Prizes aggregating to Rs. 400 were awarded mostly in the shape of improved implements.

The foundation of an Agricultural Association was also laid and a meeting of the leading zimindars was held during the exhibition under the Chairmanship of the President of the Council of State.

General. The Department has been handicapped for want of a fully qualified officer incharge. In spite of this, all possible efforts have been made. It is hoped that in the next year a fully qualified officer will be engaged.

35. Veterinary Department. The charge of the Veterinary department remained with Dr. Jamal Uddin Chief Veterinary Officer.

Dispensaries. These are at Bharatpur, Bayana, Deeg, J. H. I. and Gopalgarh.

Studs. The number of stallions maintained during the year under report was as follows:—

Name of Place.	Kind of Stallion.	Breed.
Bayana	1 Horse	Country
Bharatpur	1 "	"
Deeg	I "	"
	II "	Arab.
	III Donkey	Country.

The number of mares covered during the year under report is 124 as against 229 in the preceding year. Out of these, 34 only foaled. This low percentage is due to want of proper precautions taken by owners after covering.

Out-door and Indoor Patients.—The following figures show the animals treated as out-door and indoor patients during the period under review.

Name of dispensary.	Total Indoor patients	Result.			Outdoor Patients.	Grand Total.
		Cured	Died.	Under treatment.		
Bharatpur Sadar ...	427	389	27	11	49,092	49,519
J. H. I. ...	89	89	3,809	3,898
Deeg ...	77	75	2	...	6,632	6,709

Total ...	748	697	35	16	1,00,834	1,01,582

The daily average of in-door patients for the State as a whole has been 2, while that of out-door patients has been 276 animals per day.

Epidemics and Preventive Measures. Foot and mouth disease and rinderpest broke out in several villages of the State, but all possible measures were taken to combat these. The number of inoculations against the latter disease done during the year under report was 311 as detailed below:—

Bharatpur	Circle	111.
Bayana	„	200.

Income and Expenditure. The actual income was Rs. 518-9 as against Rs. 1,397 in the preceding year.

Budgetted expenditure was Rs. 10,284. The actual expenditure has been Rs. 9,390-0-9

There is a good deal of scope of improvement in the working of this department, particularly in the way of popularizing castration of scrub bullocks.

Co-operative Credit Societies. This department remained under the administrative control of the Revenue Member, Council of State, Bharatpur, in the capacity of the Registrar.

(a) The following staff was supervising during the year under report.

Deputy Registrar	1.
Assistant Registrar	1.
Inspector	1.

The Manager of the Shri Krishna Bank continued to work as Deputy Registrar as in the preceding year. The post of the Inspector was filled in May.

36. Working of Shri Krishna Bank. The opening balance of deposits was Rs. 1,52,869. A sum of Rs. 20,781 was received as fixed deposit and Rs. 1101 were withdrawn leaving a balance of 1,72,549 at the end of the year. The rate of interest on fixed deposits remained the same, namely 5 per cent and 6 per cent for terms of one and over 2 years respectively.

Advances to Individuals. The State employees owed Rs. 66,846 at the close of the last financial year and a further advance of Rs. 12,946/- was made to them. Collections effected during the year amounted to Rs. 23,478. The total outstandings against them come to Rs. 56,314. Repayments by the State employees were not regular in the past. Arrangements have now been made by the Financial Secretary to recover the instalments from the monthly salary bills of the persons concerned

Advances to Societies. The Co-operative Credit Societies owed Rs. 1,77,241 at the close of the last financial year. A sum of Rs. 46,030 has been advanced to deserving societies (mainly for productive purposes). The realisations

were Rs. 4,093-1-1 as principal and Rs. 1,005. as interest. Owing to scarcity suspensions of the demand due had to be granted. Thus the total outstandings against the various societies come to Rs. 2,19,178.

Societies. The total number of societies is 246. Out of these 154 are registered while 92 are unaffiliated. The total number of members is 9,480. The incidence of debt is Rs. 2,326 per member.

General The Societies in the State are generally of the rural type with unlimited liability. The first and the foremost important step after the re-organisation of the staff, was to see that the money was advanced only to those societies which had been registered in accordance with the bye-laws in force for the time being. It was found that almost all the societies had not been audited for several years and their records were hopelessly incomplete. A regular audit system has been introduced and 178 Societies have been audited. Bye-law 28 of the Cooperative Credit Societies, Bharatpur, has been amended and limits of loans with suitable terms have been prescribed both for productive and non-productive objects. There is a good deal yet to be done.

37. Cattle Fair. The following figures show fairs held during the year under report and the expenditure and income from them:—

	Expenditure.	Income.
Bharatpur	2,441-14- 9	3,821-13- 0
Deeg	192-14- 0	985-11- 6

Brahmbad	92- 2- 6	278- 2- 0
Total	2,824-15- 3	5,153-11- 6

The most important fair is the Shri Jaswant Cattle Fair at Bharatpur. The Industrial, Agri-Horticultural and Poultry Exhibitions were also held this year and were very successful. For the future, in order to enable the *zaminidars* to dispose of their stocks as early as they want, the number of fairs to be held has been increased as follows.

Place.	Month.	Occasion.
Weir	July	Rath Yatra.
Kaman	August	Teej
Deeg.	August	Banjatra
Bharatpur	September-Oct.	Dussehra.
Nadbai	November	...
Rupbas	January	Basant
Bayana	March	Kela Devi
Nagar	April	...

38. Courts of Wards. The defects noticed in the working of the Courts of Wards in the last year's report have led to the passing of the Court of Wards Act of 1931. Definite procedure has now been prescribed for every branch of the work connected with the management of the persons and properties of the Wards. The following figures give details of the result of the management of the properties under Court of Wards.

S. No.	Name of Court of Wards.	Balance of the preceding year.	Income during St. 1987.	Total	Expenditure	Balance at the close of the year.
1.	Moolchand minor.	436-3-6	451-8-9	887-12-3	221-14-0	665-14-3

Total		1,825-4-3	1,091-0-3	2,916-4-6	804-13-9	2,111-6-9

39. The Deorhi Bank This Bank was administered by Her late Highness the Maharani Sahiba till the administration of Deorhi Tehsil was taken over by the State. Since then its working has been supervised by the Revenue Staff. The prime object of this Bank is the same as that of the Shri Krishna Bank and the

working is also practically the same except that there are no Secretaries and the realisation of dues is done by the Revenue Staff which is allowed 12½ per cent of the amount recovered as collection fee. The societies are disorganised and can hardly be named Co-operative. The tehsil staff can only look after collection work and can not audit accounts or see to other details. It is, therefore, proposed to reorganise the working of the Bank and the Societies. The amount recoverable during the year under report and that actually recovered is as follows:—

	Principal.	Due Interest.	Principal.	Realised Interest.
From Individuals & Societies. ...	1,23,716-4-3	33,909-10-3	11,017-9-0	7,399-11-0

50. **Orphanage Institution.**—*Personnel.*—The Department remained in the charge of Pandit Brij Dayal Sharma, B. A., as Hony. Superintendent, throughout the year.

Number of Orphans.—The number of orphans at the commencement of the year was 8, admitted during the year nil, discharged one, leaving a balance of 7 orphans (5 boys and 2 girls) at the close of the year.

Training of Orphans.—No orphan was under training during the year under report. The boys go to Sear School for Primary Vernacular Education.

Marriages.—The marriage of one orphan girl was celebrated during the year.

Income & Expenditure.—The income of the institution was Rs. 1,560 for the year and expenditure 697.

51. **Nabalgan Department.**—*Personnel.*—The Department remained in the charge of Major Tota Ram.

Strength.—The total strength of the Nabalgan was 18 against 20 last year.

Income & Expenditure.—Receipts and expenditure were Rs. 160 and Rs. 1,719 against Rs. 60 and 1,684 respectively last year.

52. **Ganga Mandir & Jama Masjid.**—The control of these two institutions is under Committees appointed by the Durbar.

The figures of income and expenditure during the year under report were as follows:—

Ganga Mandir.	Income	Rs. 15,639-3-4.
	Expenditure	Rs. 8,978-5-3.
Jama Masjid.	Income	Rs. 2,892-2-6.
	Expenditure	Rs. 1,908-10-0.

Chapter VIII. Vikalats.

53. The State maintains three vikalats at Mt. Abu, Muttra and Agra.

Captain Kunwar Govind Singh continued to hold the office of Bharatpur Darbar Vakil, Mt. Abu, besides that of Nazim, Deeg. The Kunj of Pushkar also remained under his supervision.

Chaube Gopi Nath continued to hold the post of Darbar Vakil, Agra and Muttra

The Vakil at Agra looks after the State property at Agra, while at Muttra, he manages the house and landed property situated in the Muttra District, where the State holds muafi and zamindari rights, in addition to residential buildings.

The total income of Muttra Vikalat during the year under report amounted to Rs. 15,820/9/4 and the expenditure amounted to Rs. 19,617/4/9, including other departments.

The total income of the Agra Vikalat was Rs. 7717-13-2 and the total expenditure Rs. 5892-0-5.

Chapter IX Public Works Department.

54. **Supervision.** The Public Works Department was under the charge of Mr. J. Shelly, M. C., I. S. E., during the year.

The post of Assistant State Engineer held by Mr. P. Pocock was abolished in July and the duties of the post distributed between the Electrical Engineer and the Telephone Engineer.

The posts of Superintendent Quarries and Sub Divisional Officer Bareta were amalgamated and the Sewar and City Sub Divisions combined into the City Sub Division. Various minor retrenchments in staff were carried out. The total resulting saving is 14,000 per annum.

55. **Public Works Branch.** (a) *General.* The general income and expenditure of the entire Public Works Department is as follows.

	Original Budget.		Revised Budget.		Actuals.	
	Normal.	Abnormal.	Normal.	Abnormal.	Normal.	Abnormal.
Income. ...	2,11,865	22,000	2,09,244	70,855	2,30,781	70,877
Expenditure...	5,70,417	5,000	5,37,743	5,000	4,92,789	4,506

There was thus an excess over budget of income normal and abnormal while expenditure was less than budget grant though no really essential work was neglected.

(b) *Irrigation.* Rs. 1,16,985 were spent on irrigation works against Rs. 1,40,000 budgetted. Extensive repairs to works were carried out. No original works were done. The result of the irrigation works for 1929-30 have been dealt with in detail in the Annual Irrigation Report. In 1929-30, 1,53,466 bighas were irrigated and Rs. 92,555 realized in water taxes. The report for 1930-31, will be prepared when figures of areas irrigated are available after the present Rabi.

The monsoon of 1931 was not favourable from the point of view of irrigation as rain was scanty and fell in light showers. Few bunds were filled and the river floods were exceptionally low. The bunds and canals are in good order. The Sikri canals were greatly improved and Uchain canal system was almost completely repaired.

Two important projects are under consideration:—

(i) A canal from the main Agra canal at mile 69 to feed bunds near Dig and Kumher in the monsoon, and irrigate about 20,000 bighas.

(ii) The Khanwa bund on the Gambhir river to irrigate about 10,000 bighas.

(c) *Roads.*—There are 185 miles of metalled roads in the State of which 136½ are maintained. The Fatehpur Sikri Road 9 miles and 4¼ miles of road in Civil lines have been abandoned. The Jaipur Road 35½ miles is not maintained by the State but proposals for a grant from the Central Road Fund for its re-construction as a fair weather road are under consideration by the Government of India.

103 $\frac{1}{4}$ miles of fair weather road are maintained. 18 miles of roads were re-metalled during the year and other repairs carried out.

Rs. 59,110 out of a budget allotment of Rs. 64,000 were spent on roads. Expenditure was curtailed in accordance with orders. Out of the former sum Rs. 55,476 approximately were spent on metalled roads or Rs 545 per mile of Pacca road maintained and Rs. 5,631 on Kanchha roads. All important metalled roads are in good order.

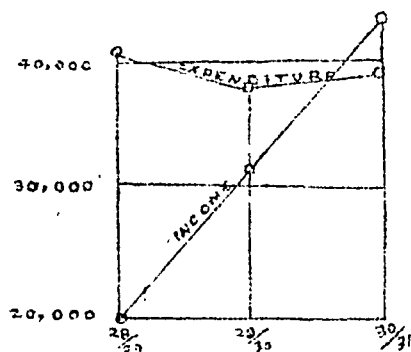

(d) *Buildings*.—Rs. 4,103 were spent on original buildings and Rs. 66,305 on repairs, total expenditure Rs. 70,408 against Rs. 74,000 budgetted. Building operations were confined to repairs necessary to keep existing buildings in reasonable order, and to provide only the most necessary extensions and improvements. The buildings on the whole are in fair order. Many desirable building works, especially provision of new sayar posts, had to be postponed on account of lack of funds.

56. **Mechanical Branch.** (a) *Power House*.—The working of the Power House was satisfactory, there being no interruption of supply of any consequence during the year. The Power House gave a continuous 24 hour supply throughout the year for the first time since its establishment in 1922. Satisfactory supply was given to the B. B. & C. I. Railway for lighting Bharatpur Station and for pumping. This supply yielded a revenue of Rs. 8,018 a considerable addition to the revenue. The plant is in good order but the 50. H. P. engine is now getting old and may have to be replaced within a few years. The work of replacing old wooden transmission poles by steel poles was continued as far as funds permitted. Much however remains to be done especially in the City.

During the year 16 new meters were connected and 51 flat rate connections were given. 5 Meters and 31 flat rate connections were disconnected. 3 new mills totalling 25 H. P. were connected.

The total income during the year was Rs. 44,572 and the expenditure Rs. 39,009 against Rs. 38,035 and 39,395 budgetted. Rs. 4,506 were spent on Transmission Lines under Abnormal against Rs. 5,000 budgetted. Graph I. shows the comparative figures for the past 3 years.

GRAPH, I.

(b) *Telephones*.—The total expenditure was Rs. 15,758 and the total income realised was Rs. 2,815 against the budget allotments of Rs. 17,488 and 2,391 respectively.

(c) *State Garage & Workshops*.—The general charge of the Department was put under the Telephone Engineer in addition to his own duties on the abolition of the post of Assistant State Engineer. The figures of income and expenditure are given below:—

	Original Normal.	Budget Abnormal	Revised Normal.	Budget Abnormal.	Actual Normal.	Expenditure Abnormal.
Income ...	2,950	22,000	5,954	70,855	8,031	70,877
Expenditure.	27,833	...	38,596	...	37,899	...

The increase in abnormal income is due to the disposal of all the remaining expensive cars which were surplus to requirements. Two new Ford Cars were purchased to replace the expensive cars sold.

The workshop staff was reduced to a few skilled mistries capable of doing necessary State works which could not be done by local contractors. The income of the workshop only was Rs. 3,123. The expenditure was Rs. 2,799. The income in 1929-30 was Rs. 6,867 and expenditure Rs. 8,186.

57. **Nazool.** The net income was Rs. 8,512 against a budget of Rs. 7,195. The expenditure on staff was Rs. 732 and on repairs to buildings Rs. 699. Both items are included in the expenditure of the Public Works Branch.

58. **Stone Quarries.** As no suitable offers were received for the contract of the quarries, they were again worked departmentally.

The expenditure was Rs. 67,936 against Rs. 71,357 budgetted. These figures exclude taccavi advances. The total out-turn (sales) of stone during the year was 2,80,804 mds. sand stone and 63,094 sft. flooring stones. 78,900 cft. Khandas were granted free of Royalty to Zamindars for constructing irrigation wells and charitable buildings. Practically the whole out-turn for the year was sold. Bareta Quarries for the first time since their origin yielded 9,912 Mds. of white stone.

The total gross revenue from Quarries was Rs. 1,41,707 against Rs. 1,01,119 last year. In addition Rs. 10,000 advanced as taccavi were recovered in full.

The net revenue realised from the quarries was Rs. 57,796 as detailed below:—

Gross receipts	...	Rs.	1,41,707
Less arrears of last year realised this year	...	Rs.	7,233
Net receipts of the year	...	Rs.	1,34,474
<i>Deduct,—</i>			
Expenditure incurred	...	Rs.	67,936
Less commission to customers for last year	.	Rs.	5,130
			62,806
Plus commission payable on this year's account	...	Rs.	13,872
			76,678
		Net revenue Rs	57,796

against Rs. 30,017 last year.

The results are very satisfactory considering the depressed state of trade and the fact that the demand for stone is decreasing every year due to increasing use of reinforced concrete.

The results seem to justify the continuance of departmental working.
